

FREDERICK HERB

Raleigh, North Carolina
(919)624-3342
fkherb@ncsu.edu

Seeking an opportunity that would allow me to develop and explore my passions in computing and programing with creating and innovating new software and hardware technologies.

Skills Summary

- **Programming Languages:** Proficient in Java, Python, C++, HTML, and Assembly (ASM).
- **Debugging & Testing:** Experienced in writing, testing, and debugging code; skilled in iterative development and improving software reliability.
- **Technical Problem-Solving:** Strong ability to diagnose and troubleshoot hardware and software issues.
- **Design Tools:** Knowledgeable in Adobe Illustrator, InDesign, and Photoshop for creating technical and digital assets.
- **Customer & Technical Support:** Adept at communicating technical concepts clearly and assisting end-users with solutions.
- **Collaboration & Communication:** Effective team player with strong interpersonal and cross-functional communication skills.

Education

Computer Science, North Carolina State University / May 2026

with an intended concentration in Artificial Intelligence and an intended minor in Industrial Engineering.

GPA: 3.2

Wakefield High School, Raleigh NC / June 2022

Weighted GPA: 4.55

Unweighted GPA: 4.0

Class Rank: 22

Experience

Simpleway Global, Prague CZ

Computer Science Intern / May 2023 – June 2023

- Collaborated with the engineering team to design and implement an API wrapper class in Java for the new hardware product being developed.
- Worked closely with hardware engineers to understand the specifications and requirements of the new hardware product.
- Designed a clear and well-documented API for the wrapper class, making it easy for other software developers to use the hardware functionality.
- Conducted thorough testing of the wrapper class to identify and fix any bugs or issues.
- Participated in code reviews with senior developers and provided feedback to improve the quality of the codebase.
- Collaborated with cross-functional teams, including hardware engineers, software developers, and product managers, to align development efforts with project goals.
- Actively engaged in learning opportunities, workshops, and training sessions to enhance technical skills and knowledge.
- Actively engaged in learning opportunities, workshops, and training sessions to enhance technical skills and knowledge.

Best Buy, Capital Blvd

Meta Specialist / Aug 2025 - Present; Apple Pro Advisor / Oct 2021 – Aug 2022; Sales Advisor / Oct 2020 – Oct 2021

- Assist customers in purchasing technology, with an emphasis on Apple/Meta products.
- Connect with customers, to determine their technical needs and help them understand our products.
- Set up and maintain merchandise displays and the Apple/Meta department.
- Train new employees and lead my department in understanding and selling Apple products.
- Troubleshoot and manage customer issues with Apple/Meta products and software.
- Represent the Apple/Meta brand as a whole in my Best Buy.
